## INDEPENDENT AUDITOR'S REPORT

The Honorable Members of the Board of County  
Commissioners and the County Executive  
County of Essex  
Newark, New Jersey 07102

### Opinions

We have audited the financial statements - regulatory basis of the various funds and account groups of the County of Essex, in the State of New Jersey, as of and for the years then ended December 31, 2022 and December 31, 2021, and the related notes to the financial statements, as listed in the foregoing table of contents.

#### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements - regulatory basis referred to above, present fairly, in all material respects, the financial position of the various funds of the County of Essex at December 31, 2022 and 2021, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended, in accordance with accounting principles on the basis of financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in Note 1.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "*Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles*" paragraph, the financial statements - regulatory basis referred to in the first paragraph, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County of Essex as of December 31, 2022 and 2021 and the results of its operations for the years then ended.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County of Essex, State of New Jersey, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by the County of Essex, State of New Jersey, on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division of Local Government Services, Department of Community Affairs. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County of Essex, State of New Jersey's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County of Essex, State of New Jersey's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County of Essex, State of New Jersey's ability to continue as a going concern for a reasonable period of time.

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2023, on our consideration of the County of Essex, State of New Jersey's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County of Essex, State of New Jersey's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Essex, State of New Jersey's internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS**

COUNTY OF ESSEX, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The County of Essex operates under the County Executive Plan of the Optional Charter Law (N.J.S. 40:41A-3 et seq.). A County Executive is elected to a four-year term. Nine members of the Board of County Commissioners are each elected for three-year terms. The County Executive supervises, directs and controls all of the County's administrative departments; the legislative and investigative powers of County government are vested in the Board of County Commissioners.

Each member of the Board of County Commissioners carries a legislative vote.

Governmental Accounting Standards Board (GASB) Statement No. 14 establishes certain standards for defining and reporting on the financial entity. In accordance with these standards, the reporting entity should include the primary government and those component units that are fiscally accountable to the primary government.

The financial statements of the County of Essex - Department of Administration and Finance, include all funds of the Department of Administration and Finance as reported in the Annual Financial Statement. Due to the large volume of activity, the examinations of the outside offices, institutions, boards and other agencies are submitted in a separate report. The records of the Essex County Area Vocational and Technical School, County College, Improvement Authority, Utilities Authority and Single Audit of Federal and State Financial Assistance Programs are audited independently of the County accounts.

The Single Audit Act of 1984, P.L. 98-502 pertains to reporting financial and compliance aspects of Federal funds received by the County, and whether such funds emanate directly from the Federal Government or as a "pass-through" from the State. The provisions of the law are also applicable to State Grant and State Aid Programs. The State requirements are delineated in the provision of New Jersey State Office of Management and Budget Circular Letter 15-08 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Due to the large volume of grants administered by the County, a separate report will be submitted for the Single Audit requirements for Federal and State Financial Assistance Programs.

The State portion of the Public Assistance Trust Fund became a dedicated fund in 1980 and is excluded from the accompanying financial statements. Documents supporting expenditures to welfare recipients of the County portion of public assistance are considered to be confidential by the Department of Human Services, Division of Public Welfare, State of New Jersey and are subject to examination by their representatives.

We did not include verification of claims or auditing procedures required to determine that expenditures complied with legal provisions of any agreements for the Worker's Compensation Self-Insurance Fund or the Employee Health Benefit Trust Fund. The adequacy of the resources of this fund as well as the determination of the propriety of claims paid, necessarily lies within the sphere of responsibility of the professional administrator of the fund.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Measurement Focus, Basis of Accounting and Basis of Presentation**

**Description of Funds**

The Governmental Accounting Standards Board (GASB) is the recognized standard setting body for establishing governmental accounting and financial reporting principles. The GASB establishes three fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

The accounting policies of the County of Essex conform to the accounting principles applicable to counties that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. These principles are a "Modified Accrual Basis of Accounting" which differs from accounting principles generally accepted in the United States of America (GAAP) for governmental entities. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the County of Essex accounts for its financial transactions through the following separate funds, which differ from the fund structure required by Generally Accepted Accounting Principles:

Current Fund - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of Federal and State Financial Assistance Programs are segregated but also included therein. The audit of the Federal and State Financial Assistance Programs are subject to the separate aforementioned "Single Audit".

Trust Funds - The records of receipts, disbursements and custodianship of monies in accordance with the purpose for which each account was created are maintained in Trust Funds. These include the Pension Trust Fund and the Other Trust Fund.

Capital Fund - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this Fund as well as related long-term debt accounts.

Capital Fixed Assets - These accounts reflect estimated valuations of land, buildings and certain movable fixed assets of the County as discussed under the caption of "Basis of Accounting".

Outside Offices and Agencies - The County hospital, jail, constitutional offices and other revenue producing entities maintain individual financial records that are subject to a separate audit and report thereon.

**Basis of Accounting**

The accounting principles and practices prescribed for counties by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, differ in certain respects from accounting principles generally accepted in the United States of America. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in New Jersey and applicable to the County are summarized as follows:

**Taxes and Other Revenue**

Taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts. Taxes due from the municipalities within the County are payable on a quarterly basis and are normally collected 100% by year-end.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)**

**Basis of Accounting (Continued)**

**Taxes and Other Revenue (Continued)**

Under the provisions of N.J.S.A. 40A:20-12, each municipality located in the County is required to remit to the County five percent (5%) of the annual service charge for each long-term PILOT financial agreement entered into by the municipality.

**Grant Revenue**

Federal and State grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the County of Essex budget. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual.

**Expenditures**

Budgetary Expenditures for County purposes are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts that may have been cancelled by the Board of County Commissioners or by statutory regulation, are automatically recorded as liabilities at December 31st of each year, in an account entitled "Appropriation Reserves".

Grant appropriations are charged upon budget adoption to create separate spending reserves.

Budgeted transfers to the Capital Improvement Fund are recorded as expenditures to the extent permitted by law.

Payroll expense is maintained on the cash basis.

The County's share of contributions for fringe benefits, such as retirement plans and accrued sick leave are maintained on the cash basis with certain exceptions.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget Appropriations for interest on General Capital Long-Term Debt is raised on the cash basis and is not accrued on the records.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

**Encumbrances**

As of January 1, 1986 all local units were required by Technical Accounting Directive No. 85-1, as promulgated by the Division of Local Government Services, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31st, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

**Appropriation Reserves**

Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)**

**Basis of Accounting (Continued)**

**Compensated Absences**

Expenditures relating to obligations for unused vested accumulated sick, vacation and compensatory pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

**Self-Insurance Contributions**

Contributions to self-insurance funds are charged to budget appropriations. GAAP requires that payments be accounted for as an operating transfer and not as an expenditure.

**Interfunds Receivable**

Interfunds Receivable in the Current Fund are generally recorded with offsetting reserves which are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfunds Receivable of all other funds are recorded as accrued and are not offset with reserve accounts. Interfunds Receivable of one fund are offset with Interfunds Payable of the corresponding fund. GAAP does not require the establishment of an offsetting reserve.

**Inventories of Supplies**

Materials and supplies purchased by all funds are recorded as expenditures and the values of the inventories are not included on the respective balance sheets of the County.

**Capital Fixed Assets**

A Capital Fixed Assets accounting system was established in accordance with the Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from GAAP.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the Capital Fixed Assets. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Acquisitions of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual fixed asset record.

Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established fixed assets are valued at cost.

Land and buildings are valued at assessed valuation.

Depreciation of assets is not recorded as an operating expense of the County.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Basic Financial Statements**

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The County of Essex presents the financial statements listed in the table of contents which are required by the Division of Local Government Services and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

**D. Recent Accounting Pronouncements Not Yet Effective**

In March 2020, the Governmental Accounting Standards Board issued GASB Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements". The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in exchange or exchange-like transaction and is effective for reporting periods beginning after June 15, 2022. The County is currently reviewing what effect, if any, this Statement might have on future financial statements.

In May 2020, the Governmental Accounting Standards Board issued GASB Statement No. 96, "Subscription-Based Information Technology Arrangements". This Statement provides guidance on the accounting and financial reporting for subscriptions-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA and is effective for reporting periods beginning after June 15, 2022. The County is currently reviewing what effect, if any, this Statement might have on future financial statements.

In April 2022, the Governmental Accounting Standards Board issued GASB Statement No. 99, "Summaries/Status". The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees.

The requirements of this Statement that are effective are as follows:

- The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging government as, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance.
- The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.
- The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

The County does not expect this Statement to impact its financial statements.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Recent Accounting Pronouncements Not Yet Effective (Continued)**

In June 2022, the Governmental Accounting Standards Board issued GASB Statement No. 101, "Compensated Absences". The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023. The County is currently reviewing what effect, if any, this Statement might have on future financial statements.

**2. CASH, CASH EQUIVALENTS AND INVESTMENTS**

**A. Cash and Cash Equivalents**

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Depository Insurance Corporation (FDIC) or any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities that mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities that mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required.

In addition, by regulation of the Division of Local Government Services, counties are permitted to invest in Government Money Market Mutual Funds purchased through State registered brokers/dealers and banks.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey, public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, The Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The County considers petty cash, change funds, cash in banks and passbooks as cash and cash equivalents.

The County of Essex has the following Cash and Cash Equivalents at December 31, 2022:

Fund Type	Bank Balance	Reconciling Items		Reconciled to Balance
		Additions	Deletions	
Current Fund	\$259,486,727.08	\$1,371,173.46	\$25,673,951.22	\$235,183,949.32
Pension Trust Fund	1,981,456.15		17.22	1,981,438.93
Other Trust Fund	72,191,094.11	907,489.22	1,591,679.09	71,506,904.24
General Capital Fund	84,955,501.27		599,677.21	84,355,824.06
	<u>\$418,614,778.61</u>	<u>\$2,278,662.68</u>	<u>\$27,865,324.74</u>	<u>\$393,028,116.55</u>

## **2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)**

### **A. Cash and Cash Equivalents (Continued)**

**Custodial Credit Risk - Deposits** - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The County does not have a specific deposit policy for custodial risk other than those policies that adhere to the requirements of statute, which requires cash be deposited only in New Jersey based bank institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. Under the act, all demand deposits are covered by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the County in excess of FDIC insured amounts are protected by GUDPA. As of December 31, 2022, of the cash balance in the bank, \$2,370,545.27 was covered by Federal Depository Insurance and \$416,244,233.34 was covered under the provisions of NJGUDPA.

**Interest Rate Risk** - This is the risk that changes in market interest rates that will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to change in market interest rates. The County's investment policy does not include limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

As of December 31, 2022, the County had funds invested and on deposit in checking and statement savings.

The amount of the County's cash on deposit as of December 31, 2022 was \$418,614,778.61. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 40. There were no securities categorized as investments as defined by GASB Statement No. 40.

### **B. Investments**

New Jersey P.L. 2017, c. 310 permits the County to purchase various investments in accordance with the County's Cash Management Plan.

## **3. COMPARATIVE TAX INFORMATION**

The following schedule compares the County's equalized assessed valuations and tax rates for the current and previous four years:

### **5. PENSION PLANS**

Information presented below is as of June 30, 2021. Additional information was not available as of the date of this audit.

#### **Description of Systems**

Substantially all of the County's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS). These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The Public Employees' Retirement System and the Police and Firemen's Retirement System are considered a cost-sharing multiple-employer plan.

The amount of the County's contribution is certified each year by PERS and PFRS on the recommendation of the actuary, who makes an annual actuarial valuation. The valuation is based on a determination of the financial condition of the retirement system. It includes the computation of the present dollar value of benefits payable to former and present members and the present dollar value of future employer and employee contributions, giving effect to mortality among active and retired members and also to the rates of disability, retirement, withdrawal, former service, salary and interest. In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Specific information on actuarial assumptions and rates of return can be found at [www.state.nj.us/treasury/pensions/annrpts.shtml](http://www.state.nj.us/treasury/pensions/annrpts.shtml).

**Description of Systems (Continued)**

The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and PFRS. In the PERS and PFRS the employer contribution includes funding for post-retirement medical premiums.

***Assumptions***

The collective total PERS and PFRS pension liability for June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020 using an actuarial experience study for the period July 1, 2014 to June 30, 2018 for PERS and for the period July 1, 2013 to June 30, 2018 for PFRS. The pension liability was rolled forward to June 30, 2021. The actuarial valuation used an inflation rate of 2.75% for price and 3.25% for wage, projected salary increases through 2026 of 2.00% to 6.00% for PERS and thereafter 3.00% to 7.00% based on years of service and through all future years 3.25% to 15.25% for PFRS based on years of service and an investment rate of return 7.00%.

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

## **5. PENSION PLANS (Continued)**

### ***Assumptions (Continued)***

For PFRS, pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For healthy annuitants, post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries, the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The discount rate used to measure the total pension liability was 7.00% for PERS and 7.00% for PFRS as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability. More information on mortality rates and other assumptions, and investment policies, can be found at [www.state.nj.us/treasury/pensions/annrpts.shtml](http://www.state.nj.us/treasury/pensions/annrpts.shtml).

### ***Public Employees' Retirement System:***

The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another State-administered retirement system or other state of local jurisdiction.

### ***Significant Legislation***

P.L. 2011, c. 78, effective June 28, 2011, made various changes to the manner in which PERS operates and to the benefit provisions of that system. Provisions impacting employee pension and health benefits include:

- New members of PERS hired on or after June 28, 2011 (Tier 5 members), will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of  $\frac{1}{4}$  to 1 percent for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 62 to 65 for Tier 5 members.
- Active member contribution rates will increase. PERS active member rates increase from 5.5 percent of annual compensation to 6.5 percent plus an additional 1 percent phased-in over 7 years. For Fiscal Year 2013, the member contribution rates increased in July 2013. The phase-in of the additional incremental member contributions for PERS members will take place in July of each subsequent fiscal year.

**Public Employees' Retirement System: (Continued)**

**Significant Legislation (Continued)**

- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.

In addition, the method for amortizing the pension systems' unfunded accrued liability changed (from a level percent of pay method to a level dollar of pay).

The following presents the County's proportionate share of the collective PERS net pension liability calculated using the discount rate of 7.00% and 7.00% as of June 30, 2021 and 2020, respectively, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the assumed rate.

***Special Funding Situation***

Under N.J.S.A. 43:15A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed that legally obligated the State if certain circumstances occurred. The legislation, which legally obligates the State, is Chapter 366, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation. Below is the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employers:

	<u>2021</u>	<u>2020</u>

### ***Police and Firemen's Retirement System:***

The Police and Firemen's Retirement System (PFRS) was established in July, 1944 under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police and firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees. Members may opt for Service Retirement if over age 55 or Special Retirement at any age if they have a minimum of 25 years of service or 20 years of service if enrolled in the PFRS as of January 18, 2000. Retirement benefits vary depending on age and years of service.

Chapter 428, Public Law of 1999, effective January 18, 2000, allows a member, age 55 and older with 20 or more years of service, to retire with a benefit equaling 50% of final compensation, in lieu of the regular retirement allowance available to the member. Final compensation means the compensation received by the member in the last twelve months of creditable service preceding retirement.

In addition, a member of the system as of the effective date of this law may retire with 20 or more years of service with a retirement allowance of 50% of final compensation, regardless of age, and if required to retire because of attaining the mandatory retirement age of 65, an additional 3% of final compensation for every additional year of creditable service up to 25 years.

P.L. 2011, c. 78, effective June 28, 2011, made various changes to the manner in which PFRS operates and to the benefit provision of that system.

This new legislation's provisions impacting employee pension and health benefits include:

- . The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60 percent instead of 65 percent of the member's final compensation plus 1 percent for each year of creditable service over 25 years but not to exceed 30 years.

The following presents the County's proportionate share of the collective PFRS net pension liability calculated using the discount rate of 7.00% and 7.00% as of June 30, 2021 and 2020, respectively, as well as what the PFRS net pension liability would be if it were calculated using a discount rate of one percentage point lower or one percentage point higher than the assumed rate.

### ***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension***

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarially determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense excluding that attributable to employer-paid member contributions are determined separately for each individual employer of the State and local groups.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer allocations are applied to amounts presented in the schedules of pension amount by employer. The allocation percentages for each group as of June 30, 2021 and 2020 are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal years ended June 30, 2021 and 2020, respectively.

Following is the total of the County's portion of the PERS and PFRS net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and the pension expense and expenditures for the fiscal year ended June 30, 2021:

	<u>PERS</u>	<u>PFRS</u>
Net Pension Liabilities	\$248,066,511	\$186,819,412
Deferred Outflow of Resources	6,338,633	9,021,510
Deferred Inflow of Resources	160,749,072	181,938,376
Pension Expense	(31,828,618)	(24,853,286)
Contributions Made After Measurement Date	24,523,254	24,798,434

**5. PENSION PLANS (Continued)**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension**

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collected deferred outflows of resources, collective deferred inflows of resources and collective pension expense excluding that attributable to employer-paid member contributions. The employer allocation percentages presented in the PERS schedule of employer allocations and applied to amounts presented in the PERS schedule of pension amounts by employer are based on the ratio of the contributions as an individual employer to total contributions to the PERS and PFRS during the years ended June 30, 2021 and 2020. The County's proportionate share of the collective net pension liability as of June 30, 2021 and 2020 was 2.0940068323% and 2.1185366112% for PERS and 2.5567864792% and 2.6473974768% for PFRS, respectively.

It is important to note that New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C. 5:30-6.1(c)(2) requires municipalities and counties to disclose GASB 68 information in the Notes to the Financial Statements.

At June 30, 2021, the amount determined as the County's proportionate share of the PERS net pension liability was \$248,066,511. For the year ended June 30, 2021, the County would have recognized PERS pension income of \$31,828,618. At June 30, 2021, deferred outflows of resources and deferred inflows of resources related to the PERS pension are as follows:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference Between Expected and Actual Experience	\$ 3,912,329	\$ 1,775,878
Change of Assumptions	1,291,938	88,313,279
Net Difference Between Projected and Actual Investment Earnings		65,347,219

Total Contributions and Proportionate Share of Contributions After the Measurement Date	24,523,254	
	<u>\$30,861,887</u>	<u>\$160,749,072</u>

At June 30, 2021, the amount determined as the County's proportionate share of the PFRS net pension liability was \$186,879,412. For the year ended June 30, 2021, the County would have recognized PFRS pension income of \$24,853,286. At June 30, 2021, deferred outflows of resources and deferred inflows of resources related to the PFRS pension are as follows:

**Long-Term Expected Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the PFRS's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
US Equity	27.00%	8.09%
Non-U.S. Developed Markets Equity	13.50%	8.71%

**Contributions Required and Made**

Contributions made by employees for PERS and PFRS are currently 7.50% and 10.0% of their base wages, respectively. Employer contributions are actuarially determined on an annual basis by the Division of Pensions. Contributions to the plan for the past three (3) years are as follows:

Year	PERS		PFRS	
	County	Employees	County	Employees
2022	\$27,428,482.72	\$11,218,541.11	\$33,083,420.28	\$8,925,430.49
2021	15,801,507.00	11,845,057.00	27,606,748.94	8,916,205.00
2020	13,941,745.00	11,476,422.40	27,448,975.54	8,962,465.90

During the year 2003, the County of Essex, in accordance with the provisions of P.L. 2002, c. 42, elected to bond the early retirement accrued liability to the State of New Jersey. Serial bonds in the sum of \$54,665,000.00 were sold to settle an unfunded liability detailed as follows:

Public Employees' Retirement System	\$22,150,983.00
Police and Firemen's Retirement System	<u>30,352,085.00</u>
	<u>\$52,503,068.00</u>

**6. OTHER POSTEMPLOYMENT BENEFITS (OPEB)**

Information presented below is as of June 30, 2021. Additional information was not available as of the date of this audit.

In addition to the pension described in Note 5, the County provides postemployment health care benefits as part of the State Health Benefits Local Government Retired Employees Plan.

**General Information about the OPEB Plan**

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

## **6. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)**

### **General Information about the OPEB Plan (Continued)**

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement providing they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

### **Total OPEB Liability**

Information presented below is as of June 30, 2021. Additional information was not available as of the date of this audit.

At December 31, 2021, the County had a liability of \$860,522,741 for its proportionate share of the non-special funding net OPEB liability. The net OPEB liability was measured as of June 30, 2020 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The County's proportion of the net OPEB liability was based on a projection of the County's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers in the plan. At June 30, 2021, the County's proportion was 4.780740% which was an increase of 0.874774% from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021, the County would have recognized OPEB expense of \$139,761,503. At December 31, 2021, deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

## 6. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

### Total OPEB Liability (Continued)

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Changes of Assumptions	\$123,788,769	\$152,107,500
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	411,450	
Differences Between Expended and Actual Experience	19,309,102	180,034,064
Changes in Proportion and Differences Between the County's Contributions and Proportionate Share of Contributions	534,489,625	34,703,206
Total	<u>\$677,998,946</u>	<u>\$366,844,770</u>

Amounts reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB (excluding changes in proportion) would be recognized in OPEB expense as follows:

#### Year Ended June 30:

2022	\$ (1,074,753,405)
2023	(1,076,167,210)
2024	(1,077,459,073)
2025	(764,416,743)
2026	(129,344,414)
Thereafter	181,470,449

### Changes in Proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 7.87 and 7.82 years for the 2021 and 2020 amounts, respectively.

### Actual Assumptions and Other Inputs

The total OPEB liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of June 30, 2020, which rolled forward to June 30, 2021. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Inflation Rate    2.50%

#### Public Employees' Retirement System (PERS):

##### Initial Fiscal Year Applied:

Rate Through 2026	2.00% to 6.00%
Rate Thereafter	3.00% to 7.00%

#### Police and Firemen's Retirement System (PFRS):

Rate for all Future Years	3.25% to 15.25%
---------------------------	-----------------

## 6. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

### Actual Assumptions and Other Inputs (Continued)

#### Mortality:

PERS

Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using scale MP-2019.

PFRS

Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using scale MP-2019.

\*Salary increases are based on years of service within the respective plan.

Actuarial assumptions used in the July 1, 2019 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

### Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021-2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years.

### Discount Rate

The discount rate for June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

### Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following presents the County's proportionate share of the net OPEB liability as of June 30, as well as what the County's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	June 30, 2021		
	1%	At Current	1%
	Decrease	Discount Rate	Increase
County's Proportionate Share of Net OPEB Liability	1.16%	2.16%	3.16%
	\$1,012,670,205	\$860,522,741	\$739,942,605
June 30, 2020			
	1%	At Current	1%
	Decrease	Discount Rate	Increase
County's Proportionate Share of Net OPEB Liability	1.21%	2.21%	3.21%

### **Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rates**

The following presents the County's proportionate share of the net OPEB liability as of June 30, as well as what the County's proportionate share of the net OPEB liability would be if it were calculated using a healthcare trend rate that is one percentage point lower or one percentage point higher than the current rate:

	June 30, 2021		
	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rate</u>	<u>1% Increase</u>
County's Proportionate Share of Net OPEB Liability	\$717,695,781	\$860,522,741	\$1,046,541,923
	June 30, 2020		
	<u>1% Decrease</u>	<u>Healthcare Cost Trend Rate</u>	<u>1% Increase</u>
County's Proportionate Share of Net OPEB Liability	\$454,385,233	\$549,105,338	\$ 673,142,613

### **Special Funding Situation**

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation.

The County as of June 30, 2021 has 269 members under the Special Funding Situation. The State proportionate share of the net OPEB liability attributed to the County is \$63,924,278.

## **7. ESSEX COUNTY EMPLOYEES' RETIREMENT SYSTEM**

### **Description of System**

The County Employees' Retirement System was established in 1943 under the provisions of Chapter 160, P.L. 1943 as amended to provide for administration of a County employees' pension fund in counties having a population exceeding 800,000 inhabitants. Members are eligible for retirement after 35 years of service; age 55 with 30 years of service or age 60 with 20 years of service. Benefits are determined by 50% of the final three-year average pay plus 1.5% of final average pay for each year of service in excess of 30, subject to a minimum of 60% of final average pay.

## **7. ESSEX COUNTY EMPLOYEES' RETIREMENT SYSTEM (Continued)**

### **Contributions Required and Made**

The County administers the Essex County Employees' Retirement System, which is currently closed to additional membership. Employer contributions were discontinued by the County effective January 1, 1985. Vocational school employer contributions were discontinued when its last member died in December 1991. Effective in 1990, employee contributions (8% of base wages) were returned to the County in support of the operating budget. An employer contribution account was established in the year 2001 in conjunction with the funding of Employees' Retirement System Benefits. The transfer of employee contributions will be made in accordance with County Resolution 88-1084. Employee contributions for the past three (3) years are as follows:

<u>Year</u>	<u>Amount</u>
2022	\$ 1,590.63
2021	5,401.12
2020	5,172.80

### **Other Matters**

#### Annuity Contract:

In the year 1986, the County issued pension refunding bonds in the sum of \$48 million to purchase a group annuity from the Metropolitan Life Insurance Company to fund the pension obligations of approximately 1,000 employees who retired prior to January 1, 1985. During 2022, the sum of \$124,527.52 was collected from this source.

## **8. DEFINED CONTRIBUTION RETIREMENT PROGRAM**

### **Description of System**

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500.00 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than \$5,000.00 annually, the official may choose to waive participation in the DCRP for that office or position. This waiver is irrevocable.

As of May 21, 2010, the municipal base salary required for eligibility in the DCRP was increased to \$5,000.00.

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee and employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment options provided by the employer.

The law requires that three classes of employees enroll in the DCRP detailed as follows:

- All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may remain in the Public Employees' Retirement System (PERS).
- A Governor appointee with the advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.

**8. DEFINED CONTRIBUTION RETIREMENT PROGRAM (Continued)**

**Description of System (Continued)**

- Employees enrolled in the PERS on or after July 1, 2007 or employees enrolled in the PFRS after May 21, 2010 who earn salary in excess of established “maximum compensation” limits.
- Employees otherwise eligible to enroll in the PERS on or after November 2, 2008 who do not earn the minimum salary for PERS Tier 3, but who earn salary of at least \$5,000.00.
- Employees otherwise eligible to enroll in the PERS after May 21, 2010, who do not work the minimum number of hours per week required for PERS Tier 4 or Tier 5 enrollment (32 hours per week) but who earn salary of at least \$5,000.00 annually.

Notwithstanding the foregoing requirements, other employees who hold a professional license or certificate or meet other exceptions are permitted to remain to join or remain in PERS.

**Contributions Required and Made**

Contributions made by employees for DCRP are currently at 5.5% of their base wages. The employer contribution is 4.05% which includes a member contribution match of 3.0%, Group Life Insurance is .74% of gross wages and Long-Term Disability is .31% of gross wages.

During the year 2022, there were forty (40) officials enrolled in the DCRP. Contributions to the plan for the past three (3) years are as follows:

<u>Year</u>	<u>County</u>	<u>Employees</u>
2022	\$46,767.06	\$97,917.60
2021	35,956.72	93,668.55
2020	66,496.64	86,192.36

**9. COUNTY DEBT**

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the County are general obligation bonds, backed by the full faith and credit of the County. Pursuant to N.J.S.A. 40A:2-8.1, bond anticipation notes, which are issued to temporarily finance capital projects, cannot be renewed past the third anniversary unless an amount equal to at least the first legal requirement is paid prior to each anniversary and must be paid off within ten years and five months or retired by the issuance of bonds.

## **12. DEFERRED COMPENSATION PLAN**

The County of Essex offers its employees a Deferred Compensation Plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

Statutory and regulatory requirements governing the establishment and operation of Deferred Compensation Plans have been codified in the New Jersey Administrative Code under the reference N.J.A.C. 5:37.

The "Small Business Job Protective Act of 1996" revised several provisions of Section 457 of the Internal Revenue Code. A provision of the act required that all existing plans be modified to provide that the funds be held for the exclusive benefit of the participating employees and their beneficiaries.

The County of Essex authorized such modifications to their plan by resolutions of the Board of Chosen Freeholders adopted on December 9, 1998 and December 17, 1998.

The Administrators for the County of Essex's Deferred Compensation Plan are Lincoln National Life Insurance Company, AXA Equitable Life Insurance Company and MetLife Insurance Company.

## **13. RISK MANAGEMENT**

The County maintains self-insurance programs for Workers' Compensation, Automobile, General Liability and Health Benefits with the following provisions:

Workers' Compensation:

Claims for workers' compensation are funded on a cash basis through budget appropriations. There was no reserve established at December 31, 2022 for possible catastrophic claims.

The County is liable for the first \$1,000,000.00. Any claims in excess of \$1,000,000.00 are covered to the extent of the State statutory limits.

Processing and payment of workers' compensation claims for 2022 were administered by the PMA Group servicing as third-party administrator.

There has been no provision included in the financial statements for claims incurred but not reported as of December 31, 2022.

### **13. RISK MANAGEMENT (Continued)**

Activity for the Workers' Compensation Trust Fund for the year 2022 is detailed as follows:

#### Automobile:

The County is liable for the first \$1,250,000.00. Any claims in excess of \$1,250,000.00 per occurrence are covered to the sum of \$5,000,000.00. Claims are funded on a cash basis through budget appropriations. A separate fund is not maintained and there was no reserve established at December 31, 2022 for possible catastrophic claims.

#### General Liability:

The County is liable for the first \$750,000.00. Any claims in excess of \$750,000.00 per occurrence are covered to the sum of \$5,000,000.00/\$10,000,000.00 aggregate. Claims are funded on a cash basis through budget appropriations. A separate fund is not maintained and there was no reserve established at December 31, 2022 for possible catastrophic claims.

#### Health Care Professionals (Malpractice):

The County is responsible for the first \$50,000.00 of each medical incident. Any claims in excess of \$50,000.00 per occurrence are covered to the sum of \$1,000,000.00/\$3,000,000.00 aggregate. A separate fund is not maintained and there was no reserve established at December 31, 2022 for possible catastrophic claims.

#### Health Benefits:

County employees have the option of enrolling in the County's Fully-Insured Health Benefits Plan or under a few Health Maintenance Organizations.

Processing and payment of fully-insured health benefit claims are administered by the State Health Benefits Plan.

Individual stop loss coverage premiums are paid to the fully-insured Plan Administrator.

Claims and premiums for health benefits are funded on a cash basis through budget appropriations. There was no reserve established at December 31, 2022 for possible catastrophic claims.

There has been no provision included in the financial statements for claims incurred but not reported as of December 31, 2022.

## **14. CONTINGENT LIABILITIES**

### **a. Compensated Absences**

The County permits employees to accumulate sick days, which may be taken as compensatory time off or paid at a later date. All vacation leave shall be used in the year earned, unless written approval is given by the Department/Division Director allowing an employee to carry over said vacation days until the subsequent year. Any County employee who retires pursuant to the requirements of his or her retirement program is entitled to the following benefits:

Vacation:

All prior accumulated vacation days and all unused vacation days normally granted the employee for the calendar year shall be paid.

Sick Time:

All accumulated sick time, at a rate of one day paid for every five days unused, up to a maximum for forty-five days is paid for 225 unused sick days.

Compensatory Time:

Any time owed to the employee, or accrued overtime, shall be paid. In some instances compensatory time is permitted to be carried over to a subsequent year with approval of Department/Division Director.

Personal Days:

Unused personal days are also granted on a prorated basis.

It is estimated that the sum of \$9,363,033.40 computed internally at 2022 salary rates would be payable to officials and employees of the County of Essex as of December 31, 2022 for accumulated vacation, sick and compensatory time and personal days. This amount was not verified by audit.

Benefits paid in any future years will be charged to that year's budget.

Provisions for the above are not reflected on the Financial Statements of the County.

### **b. Federal and State Awards**

The County participates in several federal and state grant programs which are governed by various rules and regulations of the grantor agencies therefore, to the extent that the County has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable at December 31, 2022 may be impaired. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore no provisions have been recorded in the accompanying statutory basis financial statements for such contingencies.

**14. CONTINGENT LIABILITIES (Continued)**

**c. Reimbursements Due New Jersey Department of Human Services**

The County and the State of New Jersey, Department of Human Services, entered into a memorandum of understanding for the repayment of debt incurred relative to Essex County lawsuits, the advance of Title 30 reimbursements and pharmacy services of \$21,364 million to be paid back over a twenty-two year period commencing with calendar year 2006. A revised memorandum of understanding dated February 26, 2003 calls for a repayment plan detailed as follows:

<u>Year</u>	<u>Amount</u>
2006	\$ 500,000.00
2007	500,000.00
2008 - 2026 (@ \$1,000,000.00 Per Year)	19,000,000.00
2027	<u>1,364,000.00</u>
	<u><u>\$21,364,000.00</u></u>

**d. Miscellaneous Welfare Revenue**

The New Jersey Division of Local Government Services, as a way of providing fiscal relief for Essex County, permitted the County to include the sum of \$8.8 million as miscellaneous revenue from the New Jersey Department of Human Services in support of the 1999 County budget. This amount represented administrative reimbursements that would be earned by the County's Division of Welfare during the period January 1, 2000 through June 30, 2000. State approval was also given to include similar "miscellaneous revenue" in the amount of \$6,200,000 (for a cumulative total of \$15,000,000) in support of the 2000 County budget.

It is anticipated that these funds will be repaid to the State of New Jersey, Department of Human Services through reductions of future revenue.

**e. Service Charge Escrow Deposit Agreement**

A Service Charge Security Account (the "Security Account") was established to secure the obligations of the ECUA to pay service charges to the Port Authority under the Waste Disposal Agreement.

The ECUA maintains the Security Account with TD Bank in an amount of not less than \$500,000.00, at all times, to be used in the event of a deficiency in payments by the ECUA to the Port Authority pursuant to the Waste Disposal Agreement.

All required service charge payments to the Port Authority by the ECUA are current to date.

In the event the amount on deposit in the ECUA's Security Account falls below \$300,000.00, Essex County is under an obligation to replenish the Security Account pursuant to the terms of a Limited Deficiency Agreement, in the event that the ECUA is unable to do so.

**f. Arbitrage Rebate Calculation**

In 1985, under the Tax Reform Act, the Arbitrage Rebate Law went into effect requiring issuers of tax exempt debt obligations to rebate to the Federal Government all of the earnings in excess of the yield on investments of proceeds of such debt issuances (the "Rebate Arbitrage"). The Rebate Regulations apply to obligations issued after August 31, 1986. The arbitrage rebate liability must be calculated every installment computation date (last day of the fifth bond year) or earlier if the bonds are retired, defeased or refunded and pay at least 90% of the rebatable arbitrage (plus any earnings thereon) within 60 days after such date.

## **14. CONTINGENT LIABILITIES (*Continued*)**

### ***g. Litigation***

Robert Pace v. County of Essex:

This personal injury lawsuit arises out of an incident which is alleged to have occurred on February 16, 2021, on the grounds of the Donald M. Payne, Jr. Vocational School located in Newark, New Jersey. The plaintiff alleges to have tripped and fell when leaving the school after receiving a COVID-19 vaccination. At the time of this incident, the County of Essex was the lessee of a portion of the school building and grounds.

The County of Essex intends to contest the case vigorously because they do not own, maintain, or control the Donald M. Payne, Jr. Vocational School.

Alegunlade, Lemus v. County of ESSEX, et al:

This is a personal injury matter arising out of motor vehicle accident wherein Plaintiffs, both minors, were struck by an Essex County Sheriff's vehicle at approximately 3:15 P.M. on October 8, 2021. Plaintiffs were struck while crossing 13<sup>th</sup> Avenue, near the corner of Richmond Street, which is outside of Science High School.

The County is allowing this matter to proceed with ongoing discovery. At this juncture, the County is contesting the case vigorously.

Peter Kessler, as Father and Natural Guardian of infant A.K. and Peter Kessler, Individually v. County of Essex:

This personal injury lawsuit arises out of an incident which is alleged to have occurred on April 19, 2022, in the outfield of a baseball field located at the Luis M. Lopez Field at Branch Brook Park in Newark, New Jersey. It appears that the infant plaintiff was engaged in playing baseball when he encountered the rightfield wire fence.

Dispositions have not been scheduled.

Robert Green and Ryan Connell v. County of Essex:

Plaintiff's filed a collection action, alleging that the County failed to pay them and similarly situated employees for overtime hours in violation of the Fair Labor Standards Act (FLSA).

The County of Essex intends to vigorously defend this matter.

The Estate of Paul Braswell v. Essex County Sheriff's Office, et al:

The complaint alleges that defendants deprived decedent, Paul Braswell, of his constitutional rights when he was allegedly shot and killed by plain-clothed law enforcement officers.

At this time, discovery is ongoing and dispositions have been scheduled.

The County intends to contest this case vigorously.

Dan Gelin v. County of Essex, et al:

Mr. Gelin alleges that his civil rights were violated during his incarceration by the County of Essex.

This case has been stayed.

The management of the County of Essex is fully cooperative and stands ready to assist in defending itself against plaintiff's factual claims and cooperative in discovery if and when the stay is lifted by the Court.

## **14. CONTINGENT LIABILITIES (*Continued*)**

### **g. Litigation (*Continued*)**

Health Benefits Unfair Practice Charge:

Four unions representing Sheriff's and Corrections Officers have challenged the County's change to health benefits program.

The matter is proceeding as an unfair practice charge with the Public Employment Relations Commission.

The County continues to vigorously defend this matter.

There are numerous workers' compensation cases being handled by outside counsel.

The County is continually confronted with various claims, lawsuits, administrative proceedings, etc. (collectively, the "matters") with varying levels of financial exposure to the County. The matters include, but are not limited to, administrative, contract, employment, constitutional, tort, negligence, intentional acts, etc. The status of each threatened, new and pending matter is in constant flux as each matter progresses from its initial stages through to conclusion. The County vigorously defends all matters with both in-house and contracted legal counsel. Furthermore, the County has various policies of insurance (the "Insurance Policies"), which Insurance Policies may or may not cover the matters in whole or in part. No litigation is presently pending or threatened that, if decided unfavorable to the interest of the County, would materially and adversely affect its financial condition or operations.

## **15. TRANSACTIONS AND ARRANGEMENT WITH THE ESSEX COUNTY UTILITIES AUTHORITY**

The County, by ordinance adopted July 1, 1992, created the Essex County Utilities Authority. The County determined that said creation is the most efficient and feasible means of providing for solid waste disposal and management and will not cause an undue financial burden to be placed on local governmental units within the County.

The Authority and the County acknowledge that in order to effectively plan, develop and implement a comprehensive Solid Waste System, the resources and efforts of the County must be utilized and coordinated so as to assure the efficient and effective delivery of solid waste services in a cost effective and environmentally sound manner. The Authority and the County have executed several contracts by and among themselves providing for or relating to the following:

<u>Resolution/ Ordinance Number</u>	<u>Purpose</u>
92-0764	Relating to the collection, transportation, processing, recycling and disposal of solid waste.
92-0765 99-0120 99-0724	Relating to the development and financing of an integrated Solid Waste Management System.
92-0774	In connection with the utilization by the Authority of certain County personnel, County Administrative services and/or programs in order to assist in facilitating the start-up operations of the Authority.
92-0775	Authorizing the assignment and/or transfer of all agreements, documents and/or orders relating to matters including Solid Waste Management to the Utilities Authority.

**15. TRANSACTIONS AND ARRANGEMENT WITH THE ESSEX COUNTY UTILITIES AUTHORITY  
(Continued)**

<u>Resolution/ Ordinance Number</u>	<u>Purpose</u>
96-0278	Authorizing an amendment to the existing Interlocal Services Agreement permitting the Authority and the County to utilize personnel and expertise available with Essex County Government rather than retain the services of outside consulting firms.
97-0020	Authorizing the Utility Authority to underwrite the acquisition and operation of the County's water facilities, in addition to management and administration of the system.
98-0021	Regulatory waste flow control has been reestablished over all nonprocessable waste. Effective January 1, 1999 all such waste must be delivered to the transfer station in Newark, New Jersey.
99-0009 99-0723	Provides for a voluntary contract system for the use of the Resource Recovery Facility included in the terms of the Solid Waste Disposal Agreement.
99-0725	Authorizes a limited deficiency agreement in connection with a service charge escrow deposit agreement with the Port Authority of New York and New Jersey.

The County continues to administer payroll and certain fringe benefit costs as of December 31, 2022.

**16. SECONDARY MARKET DISCLOSURE**

Solely for purposes of complying with Rule 1602-12 of the Securities and Exchange Commission, as amended and interpreted from time to time (the "Rule"), and provided that the Bonds are not exempt from the Rule and provided that the Bonds are not exempt from the requirements in accordance with Paragraph (d) of the Rule, for so long as the Bonds remain outstanding (unless the Bonds have been wholly defeased), the County shall provide for the benefit of the holders of the Bonds and the beneficial owners thereof various financial documents relating to the financial conditions of the Municipal Securities Rulemaking Board through the Electronic Municipal Access Data Port (the "MSRB").

**17. SUBSEQUENT EVENTS**

The County of Essex has evaluated subsequent events that occurred after the balance sheet date, but before June 15, 2023. No items were determined to require disclosure.

County of Essex  
Newark, New Jersey 07102

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the various funds - regulatory basis of the County of Essex, State of New Jersey as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County of Essex, State of New Jersey's basic financial statements, and have issued our report thereon dated June 15, 2023. These financial statements - regulatory basis have been prepared in conformity with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County of Essex, State of New Jersey's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Essex, State of New Jersey's internal control. Accordingly, we do not express an opinion on the effectiveness of the County of Essex, State of New Jersey's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County of Essex, State of New Jersey's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **GENERAL COMMENTS AND FINDINGS**

### **Contracts and Agreements Required to be Advertised per (N.J.S.A. 40:11-4)**

N.J.S.A. 40A:11-4a states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

It is pointed out that the County Administration has the responsibility of determining whether the expenditures in any category will exceed the threshold set for the fiscal year and, where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the County Counsel should be sought before a commitment is made.

The statutory bidding threshold effective July 1, 2020 increased from \$40,000.00 to \$44,000.00 in accordance with the provisions of N.J.S.A. 40A:11-3a, based on the appointment of a Qualified Purchasing Agent.

P.L. 2005, Chapter 51 and N.J.S.A. 19:44A-20.5, known as the "Pay to Play Law", however provides that a municipality or county is prohibited from executing any contract in excess of \$17,500.00, on or after January 1, 2006, to a business entity that made certain reportable contributions to any municipal committee of a political party if a member of that party is in office as a member of the governing body of the municipality when the contract is awarded unless proposals or qualifications are solicited through a fair and open process.

It is further noted, that contracts between \$17,500.00 and the municipal bidding threshold known as "window contracts" can be awarded by resolution of the governing body without competitive bidding if a non-fair and open process is implemented, which prohibits reportable contributions by the business entity.

The provisions of N.J.S.A. 40A:11-3c directs the Governor of the State, in consultation with the Department of the Treasury, to adjust the threshold in direct proportion to the rise or fall of the area consumer price index as reported by the United States Department of Labor. Adjusted threshold become effective on July 1<sup>st</sup> of every fifth year.

The records of the Office of Purchasing and General Services indicate that bids were requested by public advertising for service contracts, general equipment, material and supplies, vehicle and road equipment and construction and repair contracts.

### **Revenue Collecting Officials**

An audit detailing the financial transactions of the various departments and offices is the subject of a separate report.

### **State Reimbursements for Confinement of Prisoners**

The State Department of Corrections prepares a monthly "Per Diem Reimbursement Summary" for reimbursement of State sentenced and certain parole violations housed in County Correctional Facilities. The State commences payment for State parole violators with no pending criminal charges the first day after the judgment of Conviction and for parole violators with a pending criminal charge the sixteenth day after the warrant is enforced. The State has prepared "Housing Per Diem Reconciliation Procedures" to provide the County staff with guidelines to reconcile actual per diem reimbursements with records maintained by the County

Monthly reports are prepared by County officials reconciling State reimbursements to County records. Differences are reported to the State which are reimbursed in a subsequent month.

### **Accounts Payable**

As of December 31, 2022, a detailed list of accounts payable in the sum of \$13,144,668.17 remains unpaid for the years 2017 to 2022.

Accounts payable are reviewed on an annual basis by Finance Office personnel.

### **Payment in Lieu of Taxes (P.I.L.O.T.)**

Receivable balances from the municipalities were not maintained. The County is unable to determine which properties are participating in P.I.L.O.T. Programs within the various municipalities.

### **Payroll**

The County of Essex contracted with Prime Point on July 1, 2020 to be the third party payroll service provider. The third party payroll service providers had the authority to withdraw funds from County accounts and transfer these funds to their own accounts for the purpose of the payment to certain agencies with regard to payroll deductions.

We did review certain records provided to the County. It should be noted however, that we could not verify required payments of Federal and State agencies made by the service provider.

The Local Finance Board has adopted rules and regulations regarding third-party payroll vendors which are summarized in N.J.A.C. 5:30-17 and further provides authority for local governments to hire payroll service vendors to disburse funds to payroll agencies on behalf of the local unit.

In addition, Local Finance Notice 2009-18 has offered additional safeguards with respect to third-party payroll services.

### **Corrective Action Plan**

In accordance with regulations promulgated by the Single Audit Act and the Division of Local Government Services, all Counties are required to prepare and submit to the Division of Local Government Services, a Corrective Action Plan with regard to audit deficiencies. This plan must be approved by formal resolution of the Governing Body and submitted within 60 days from the date the audit is received. A Corrective Action Plan was prepared and submitted for items found in the 2021 Report on Examination of Accounts and was adopted within 60 days of the report being received.

### **Status of Prior Years' Audit Recommendations**

A review was performed on all prior years' recommendations and corrective action was taken on all.

### **Miscellaneous**

The details of separate Trust Accounts, established for the Workers' Compensation Self-Insurance Trust Fund and Employees' Retirement System, are reflected in the Trust Fund section herein.

No responsibility for reporting is assumed for liabilities arising from matters in litigation, contingent liabilities or from projects funded by Federal, State or other sources that may not be included in the County Budget as adopted or amended, not subjected to County ordinance or resolution, and, not recorded on the general books and records of the County.

In verifying expenditures, computations were tested on the basis of a statistical sample of claims approved and paid. No attempt was made in this connection to establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

**Miscellaneous (Continued)**

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

Petty cash funds were verified by counts during the course of audit on a test basis.

The propriety of deductions from employees' individual gross salaries for pensions, withholding tax, social security and other purposes were tested as part of the examination.

An exit conference was held with the Chief Financial Officer.

A copy of this report was filed with the State of New Jersey, Director of the Division of Local Government Services, Department of Community Affairs.

A summary or synopsis of this report was prepared for publication and filed with the Clerk of the Board of County Commissioners.

**RECOMMENDATIONS**
